**RE: Medical Treatment for
Titova, Eva – born. 03.03.2011**

Dear Family Titova,

thank you for your inquiry of treatment of your daughter Eva. According to the medical records, which you have sent us; our physicians saw that she is suffering from a congenital heart defect and suggest that she should undergo an diagnostic heart catheterization and surgical procedure such as a complex and complicated operation at the German Heart Institute Berlin.

The medical classification is solely based on the presented medical records and can be revised upon the initial medical examinations.

Should you wish to be treated by the chief surgeon or by an appointed physician under the chief surgeon's supervision the estimated costs for this procedure will be:

- complex and complicated surgery utilizing the heart-lung machine 40.140,00 €

Should you not wish to be treated by the chief surgeon the estimated costs for this procedure will be:

- complex and complicated surgery utilizing the heart-lung machine 27.060,00 €
