SARABEVA Ekaterina, born 2.11.1986
129642, 9/3 Proezd Dezhneva, flat 355, Moscow, Russia

The patient has been hospitalized at the Department of Obstetrics of the University Hospital Zurich on May 15, 2015. After standard pre-operative preparation, fetal surgery (in utero repair of spina bifida) has been successfully performed on May 18, 2015. Now, the patient must stay at the hospital for at least 4 weeks for intravenous tocolysis, fetal-maternal monitoring, and a fetal maternal MRI to be performed approximately 4 weeks after the operation.

A **deposit of CHF 30'000 / EUR 29'100** is required for the above mentioned treatments. This deposit is not a cost estimate or a fixed price, but merely a non-binding estimate of the expected costs. The deposit can be paid by bank transfer, cash or by credit card at the USZ admission office (building Nord 1, floor A). For bank transfer payment:
